

**Snack safety:**

Daily snacks may contain nuts, have been produced in a tree nut factory or may be potentially unsafe for children having food allergies. Parents with children having food allergies must request a Daily Snack List to approve snacks provided by VBS. If snacks are not appropriate for the children with food allergies, parents are asked to provide approved snacks from home.

\_\_\_\_ My child has food allergies. Please send me the Daily Snack List. I will return my reviewed check list to the VBS Director two weeks prior to the VBS start day. My address is:
